

AMI Snow Day Folder Instructions

When school is closed due to inclement weather get out this Snow Day Folder. The Snow Day Folder is an alternative to having to make up missed days, take away workdays, Spring Break or extending the school year.

This folder contains work to continue learning on the days we are unable to hold regular school. This folder contains a variety of activities to cover multiple subject areas. Upon returning to school, bring the contents for the day or days missed. If we are unable to attend school on one day, students would complete the activities for Day 1. If we must be out a second day, complete Day 2 activities, and so on. On the day school resumes, the completed work should be turned into the classroom teacher. If, for some reason, the work could not be completed on the day out it must be completed within 1 day of each day missed. For example, if three snow days are missed then students will have three days after returning to school to turn his/her work in to their teacher. In order to receive credit, the work must be turned in to the classroom teacher with the attached verification form.

If the Snow Day Folder assignments are not completed and turned in, then the student will be counted absent (unexcused) for the day. If you have questions about the assignments, please do not hesitate to ask your child's teacher upon returning to school or through email the day we are out of school.

*****These assignments are also posted on the school website*****
